About This Content

Enter... and die!

Dungeonlands is Savage Mojo's realm of fantasy maiming, centered on the Lich Queen's abode. This old school killer dungeon is split into three parts, and LQ1 Tomb of the Lich Queen is the first part of that trilogy.

For high rank characters that have been summoned across time and space - you can take any character from any setting into the tomb – the lich queen's devious machinations, traps and monsters are an impenetrable barrier between your characters and their greatest prize – survival!

Beautifully illustrated in old school style, reminiscent of pulp Conan novels and that roleplaying game which started it all, Tomb of the Lich Queen is a treat for any Savage looking for a real challenge. Dungeonlands is part of the Suzerain Continuum.

Product Contains: A stunning module detailing every evil twist and turn in the dungeon. Note, this is the Savage Worlds version of this module.
